## PROGRAM DESCRIPTION

**Department: Social Services**

**Program Name: Federal Grants and Donations**

**Program is found in the following core budget(s): Federal Grants and Donations**

### 1. What does this program do?

This appropriation provides the Department with a centralized administrative mechanism to receive and expend new grants as they become available during the fiscal year. The Division of Finance and Administrative Services coordinates the use of this authority for the Department as divisions pursue sources other than General Revenue for funding. New funding sources and new grants provide opportunities to sustain a level of service delivery and fund program development that will better serve Missourians. Without this appropriation, the Department would be forced to delay use of new grants and donations until emergency or supplemental appropriations are approved.

This appropriation is primarily used for one-time and/or time-limited federal grants and may support a wide variety of expenditures, including staff, if called on or required, for effective administration of the grant or donation. House Bill 11 language for this appropriation requires the Department to notify the General Assembly of any new funds and the purpose for which they will be expended. Multiple year grants that are first spent through this appropriation are transferred to the grantee Division's budget through the appropriation process when it is anticipated that funding will continue for years after the grant is first received. Exceptions to this rule are made in those cases when the Department is acting in an administrative capacity.

The Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) pilot project is a grant targeting youth aged 14-18 and young adults aged 19-24 to help them break the cycle of dependency on Food Stamps by pursuing employment opportunities. This grant is a partnership between Department of Social Services (DSS) - Family Support Division (FSD), Department of Economic Development (DED) - Department of Workforce Development (DWD), Department of Elementary and Secondary Education (DESE) and University of Missouri Extension (MU). The SNAP E&T Pilot grant will create the Missouri Next Generation Employment Network (Missouri NGEN). NGEN will offer employment and training strategies to serve these target audiences in both urban and rural settings. This voluntary program will target specific populations with significant barriers to employment.

NGEN will increase the number of Food Stamp work registrants who obtain employment, increase the income of Food Stamp recipients and their families, and reduce those families' reliance on public assistance. The pilot project will support the next generation of self-sufficient Missouri workers by providing them with learning and employment opportunities to prepare them for better-paying jobs and pathways to careers.

Successful applicants will be awarded in February 2015. If DSS receives the grant, startup costs incurred in FY2015 will be paid through the Federal Grants and Donations section. This request is to line item these costs for transparency.

Section 16(h)(1)(F) of the Food and Nutrition Act of 2008 (the Act), as amended by the Agricultural Act of 2014 (P.L. 113-79)

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? This grant has been applied for and all awards will be determined February 2015. It is unknown at this time if the DSS will be a successful recipient of the grant or what the final amount of the grant will be.

- investigate allegations of unlawful discrimination and harassment of DSS employees and clients;

- assist/coordinate workplace accommodations to employees pursuant to federal and state laws and departmental policies;
- provide technical assistance regarding civil rights, employment law and human resource issues to department and division personnel;
- serve as liaison for civil rights issues with other governmental agencies such as Equal Employment Opportunity Commission (EEOC), Missouri Commission on Human Rights (MCHR), United States Department of Agriculture (USDA), and Health and Human Services (HHS);

## 2. CORE DESCRIPTION

MO Medicaid Audit & Compliance (MMAC) mission is to enhance the integrity of the state Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the program and recovering improperly expended funds while promoting high quality of patient care. This unit works to reduce costs, increase the efficiency of provider monitoring and assist providers with compliance. Executive initiatives include a disclosure protocol for providers to report and refund payments identified by providers as having been received in error; program weaknesses identified through MMAC's audit, investigation, data mining or compliance activities which result in fraud, or in services which fail to meet recognized business, financial or professional standards. MMAC also protects the integrity of the Medicaid program by enrolling providers, through a rigorous screening process. MMAC also has cooperative agreements with the Departments of Health and Senior Services and Mental Health to enhance the integrity of the waiver programs by preventing and detecting fraudulent, abusive and wasteful practices and recovering improperly expended funds while promoting high quality of patient care. MMAC is dedicated to preserving and protecting the Medicaid program for those in need, and to safeguard the state's taxpayers from fraud and abuse of Medicaid.

## PROGRAM DESCRIPTION

**Department: Social Services**

**Program Name: Office of Director**

**Program is found in the following core budget(s): MO Medicaid Audit & Compliance (MMAC)**

### **1. What does this program do?**

MO Medicaid Audit & Compliance (MMAC) is a consolidation of staff from the Department of Social Services (DSS), the Department of Mental Health (DMH), and the Department of Health and Senior Services (DHSS) that work to increase the number of program staff with clinical expertise who can better identify issues with patient care and claim irregularities. Employees of the unit investigate and audit providers and work with contractors who provide recovery audit services to identify and recoup program overpayments billed by providers. The MMAC focuses on providing education to assist providers with understanding the requirements of the Medicaid program.

The MMAC seeks to ensure appropriate amounts are paid to legitimate providers for appropriate and reasonable services provided to eligible participants. The unit monitors Medicaid program compliance by providers and participants. The unit conducts post-payment reviews of MO HealthNet claims to assure that appropriate payments are made and that providers are billing and providing services in accordance with federal and state regulations.

The MMAC determines what enforcement activities to pursue following unit audits and investigations. These enforcement activities range from education, demand of repayment, program suspension, closed-end agreements, prepayment review, participant lock-in, and referrals to the Attorney General's Office Medicaid Fraud Control Unit (MFCU).

### **2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Federal law: Social Security Act Section 1902(a)(4), 1903(i)(2), and 1909; Federal regulations: 42 CFR, Part 455

### **3. Are there federal matching requirements? If yes, please explain.**

MMAC expenditures earn a 50% federal match. Expenditures related to the operation of the MMIS system earn a 75% federal match. Staff resources employed in the implementation of the new Provider Enrollment - Case Management system earn a 90% federal match.

### **4. Is this a federally mandated program? If yes, please explain.**

Yes. The Social Security Act requires states to report fraud and abuse information and have a method to verify whether services reimbursed by Medicaid were actually furnished to recipients.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

Planned FY 2015 expenditures are net of reserves and reverted.

Reverted: \$ 42,382 (General Revenue)

Reserves: \$66,000 (Federal) and \$433,745 (Other)

**6. What are the sources of the "Other " funds?**

Recovery Audit and Compliance Fund (0974) and Medicaid Provider Enrollment Fund (0990).

**7a. Provide an effectiveness measure.**

## 2. CORE DESCRIPTION

Provides funding for the systems mechanization to include Title XIX (Medicaid) program control and administrative costs; service to recipients, providers and inquiries; operations of claims control and computer capabilities; and management reporting for planning and control. The web-based enrollment application would allow for changes in the healthcare industry and allow the State to be in compliance and proactive with the guidelines set forth regarding enrollment screening requirements. The fraud and abuse detection application allows for data mining, identification of claims outliers, and querying/reporting capabilities. These applications are used to monitor enrolled providers and Medicaid participants.

## PROGRAM DESCRIPTION

**Department:** Social Services

**Program Name:** Office of Director

**Program is found in the following core budget(s):** Systems Management

### 1. What does this program do?

Systems Management is a combination of funding from Case Management specifically established for the Provider Enrollment system and the Missouri Medicaid Audit and Compliance (MMAC) for the purpose of supporting the Fraud, Abuse and Detection system (FADS). MMAC's Medicaid Provider Enrollment is the centralized location for providers to enroll in the Medicaid program providing services to Missouri participants, this system interface with the Medicaid Management Information System (MMIS) which is responsible for processing Medicaid claims for enrolled providers. In addition, systems management will be used to fully fund a new fraud detection and investigation program (FADS) with the most up-to-date technologies for purposes of program recipient and provider fraud and abuse detection.

For Title XIX purposes, "systems mechanization" and "mechanized claims processing and information retrieval systems" is identified in section 1903(a)(3) of the Act and defined in regulation at 42 CFR 433.111. The objectives of Missouri Medicaid Audit and Compliance (MMAC) systems and enhancements include the Title XIX program control and administrative costs; service to participants, providers and inquiries; operations of claims control and computer capabilities; and management reporting for planning and control.

The web-based provider enrollment application will allow for changes in the Health Care industry and allow the State to be in compliance and proactive with forth coming requirements of electronic health records, mandatory exclusions database, and ownership and disclosure information of Medicaid providers.

The fraud and abuse detection application allows for data mining, claims outliers and querying/reporting capabilities. MMAC utilizes these applications to monitor enrolled providers and Medicaid participants. The fraud and abuse application must be able to record time spent and costs associated with investigations, audits, and recoveries. In addition, the application must allow for real-time claims analysis to recognize improper payments, fraudulent practices or abusive billing practices.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Social Security Act, Section 1903 (a) (3); 42 CFR 43.111.

### 3. Are there federal matching requirements? If yes, please explain.

Public Law 92-603 was enacted in which Section 235 provided for 90-percent Federal financial participation (FFP) for design, development, or installation, and 75-percent FFP for operation of state mechanized claims processing and information retrieval systems approved by the Centers for Medicare and Medicaid Services. Implementing regulation, 45 CFR 250.90 and 42 CFR 433, subpart C.

### 4. Is this a federally mandated program? If yes, please explain.

N/A

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

FY13 expenditures for Case Management \$5,110

FY14 expenditures for Case Management \$900,000

Planned FY 2015 expenditures are net of reserves and reverted.

Reverted: \$ 20,511 (General Revenue)

**6. What are the sources of the "Other " funds?**

N/A

**7a. Provide an effectiveness measure.**

FADS

FY2014	3,662	5.7	\$24,090,054
FY2015			
FY2016			

The provider enrollment and case management system will provide early detection of non-compliant providers during screening and monitoring, early risk detection leading to prompt cost avoidance projects, and increase the number of cases and recoveries. Measures will begin immediately upon implementation. The fraud and abuse system effectively creates new algorithms, updates existing algorithms, and performs ad hoc reports in order for users to identify trends, patterns, outliers, and indications of suspicious billing.

**7b.** Provide an efficiency measure.

Provider Enrollment

FY2013	112	889	177,920
FY2014	107	840	270,462
FY2015			
FY2016			

For the provider enrollment and case management system, efficiency measures will include decreased time to process enrollment applications, increased deniability of non-compliant providers, increased number of opened cases, increased number of referrals to the Medicaid Fraud Control Unit, increased identification of risk leading to cost avoidance activities, a decrease in the amount of time spent on each case with an increase in recoveries. These measures will be tracked quantitatively.

**7c.** Provide the number of clients/individuals served, if applicable.

There are 47,000 enrolled fee for service providers who will utilize the new system.

**7d.** Provide a customer satisfaction measure, if available.

Enrollment process times will decrease, and a web-based provider portal will provide for two-way communication, increasing the level of customer service.

## PROGRAM DESCRIPTION

**Department: Social Services**

**Program Name: Office of Director**

**Program is found in the following core budget(s): Recovery Audit & Compliance Contract**

### 1. What does this program do?

The federal government requires states to contract with a Recovery Audit Contractor (RAC) to identify and recoup Medicaid provider overpayments. State Medicaid programs may contract with one or more RACs to identify underpayments and overpayments and to recoup overpayments. Payments to Medicaid RACs are contingency-based and linked to overpayments the contractors identify. Missouri has contracted with Cognosante as the Medicaid RAC.

Missouri Medicaid Audit and Compliance (MMAC) works with Cognosante to verify recoupment and/or payments. Once 100% of the payment has been received for the audits conducted, an invoice is submitted by Cognosante for the contingency fee percentage related to the amount of recoveries.

Contingency Fee Percentages:

Total Amount of Overpayment Recoveries	Contingency Percentage of Total Overpayments Recovered
\$0 to \$10,000,000	12.0%
\$10,000,000.01 to \$20,000,000	9.5%
\$20,000,000.01 to \$50,000,000	8.0%
\$50,000,000.01 to \$60,000,000	9.0%
> \$60,000,000.01	12.0%

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 6411 of the Patient Protection and Affordable Care Act (PPACA; Public Law 111-148) and the Health Care and Education Reconciliation Act (HCERA; Public Law 111-152) and Section 1902 (a) (42) (B) (ii) (IV) (contractor) of the Social Security Act.

### 3. Are there federal matching requirements? If yes, please explain.

No.

### 4. Is this a federally mandated program? If yes, please explain.

Yes. States are required to contract to identify and recoup Medicaid provider overpayments.

**5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**

Planned FY 2015 expenditures are net of reserve  
Reserves: \$1,000,000 (Other)

**6. What are the sources of the "Other " funds?**

Recovery Audit and Compliance Fund (0974).

**7a. Provide an effectiveness measure.**

Measures include the total Credit Balance recoveries and Provider Audit recoveries.

Contingency Fees Paid in FY2014 reflect invoices received Jul 2013 through April 2014. May 2014 and June 2014 invoices were paid in FY2015

**7b. Provide an efficiency measure.**

Measure is the total number of Credit Balance audits and Provider audits completed.

**7c. Provide the number of clients/individuals served, if applicable.**

## PROGRAM DESCRIPTION

**Department: Social Services**

**Program Name: Division of Finance and Administrative Services**

**Program is found in the following core budget(s): Division of Finance and Administrative Services**

### 1. What does this program do?

The Division of Finance and Administrative Services provides centralized financial and administrative support to all Department of Social Services (DSS) divisions.

In addition, staff responsible for the department's research and data management functions are included in the DFAS. The Center for Management Information (CMI) provides direction for the Department's research and data management functions.

Following is a description of core DFAS functions.

•**Budget:** DFAS directs and prepares the department budget, compiling and evaluating budget proposals from DSS divisions. In addition, DFAS serves as the department's budget liaison with Office of Administration, House, and Senate budget staff. The Division also supports divisions during budget hearings. The budget section is responsible for department expenditure control, assuring there is sufficient cash to support available authority, monitoring spending rates and determining that department expenditures are within the scope of house bill intent. DFAS also coordinates all fiscal note preparation for the Department and provides a central contact point for the legislature and Governor's Office for all fiscal note inquiries and questions.

•**Compliance and Quality Control:** DFAS monitors DSS sub-recipients through onsite visits and desk reviews to ensure both State contract and federal grant requirements are being met. Additionally, staff perform contract compliance reviews to determine if program-specific contract deliverables and financial requirements are met. DFAS also performs internal reviews of department financial systems, payment processes and procedures. In this effort, audit staff are charged with identifying weaknesses in department financial controls and opportunities to improve operational efficiencies. DFAS serves as the point of contact with the outside audit such as the State Auditor's office and the Office of Inspector General.

•**Contract Management and Procurement:** DFAS is responsible for managing DSS contracts for a wide array of products and services for children and families. DFAS provides assistance and oversight in the development, planning, execution and coordination of RFPs and contracts for services and supplies. DFAS also manages a variety of Memorandums of Understanding (MOU) with various governmental and community agencies. DFAS provides technical expertise and training for DSS staff concerning procurement statutes, regulations and rules, contracting procedures and protocols and ensures that the DSS contracting operations are in compliance with state and federal regulations. DFAS procurement officers serve as liaisons with the state Office of Administration, Division of Purchasing and Materials Management (DPMM). DFAS is responsible for the implementation of practices and initiatives to increase participation of Minority Business Enterprise (MBE) and Women Business Enterprise (WBE) vendors in department contracts. DFAS manages over 33,000 contracts, agreements and processes along with over 31,000 procurement documents annually.

•**Grants and Cash Management:** DFAS manages approximately 53 grants with a value of over \$6.6 billion in federal funds. The agency serves as the single state contact for federal grants that include Temporary Aid to Needy Families (TANF), Social Services Block Grant (SSBG), Medicaid Title XIX and Title XXI (CHIP), Title IV-D (child support) and Title IV-E (child welfare). The Division is responsible for the processes that provide for daily cash draws and deposits to federal funds to support DSS and certain other departments' programs. As the single state contact, DFAS compiles required monthly, quarterly and annual reports associated with each grant and submits these to the federal government on behalf of DSS or another department.

•**Payables/Receivables/Payroll:** DFAS maintains final approval of payments and is charged with overall compliance with state and federal laws or regulations and adherence to sound and accepted accounting principles. Maintenance of employee time and leave and management of all issues related to salary payments fall under the division's responsibilities.

•Office Services/Warehouse/Emergency Management: Administrative responsibilities include acquisition, storage and distribution of bulk supplies and forms/envelopes; management and tracking of non-expendable property/fixed assets inventory; surplus property retrieval and disposition; technical support in the design, acquisition and installation of telecommunication services and equipment for DSS offices; and delivery of supplies to JC offices and shipping via UPS and freight companies. DFAS also provides mail courier services for offices located in St. Louis and St. Louis County and acts as a liaison on building matters between the program divisions (Jefferson City and field offices) and the Office of Administration, Division of Facilities Management/Design and Construction. Coordinates all requirements and maintains vehicle records for 580 vehicles in the DSS fleet and serves as a liaison to OA Fleet Management. In addition, DFAS leads DSS initiatives to provide statewide mass care (shelter, food and water) coordination during emergencies through the assistance of partner agencies (Red Cross, Salvation Army and other volunteer agencies active in disasters).

•Research and Data Analysis (RDA): RDA provides data to the Department of Social Services. RDA produces a wide range of reports, both regular and ad hoc, about the Department's programs, many of which are available to the public on the Department's website. These statistical reports, coupled with data analysis, are used to inform planning, policy formation and guide decision-making. In addition, RDA assist in supplying information about the Department's programs to constituents, the General Assembly, the Executive Branch, Federal government agencies and the media.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

2012	20	26
2013	20	26
2014	20	28
2015	20

The Division of Finance and Administrative Services provides support functions for all DSS divisions and programs. Other effectiveness measures can be found in divisional sections.

**7b. Provide an efficiency measure.**

During FY13 DSS began reorganizing fiscal processes and functions statewide. Included in the plan is to centralize payment processing. Staff based in DFAS Accounts Payable, Jefferson City, are assuming the responsibility of functions previously performed by many staff located in DSS program offices across the state. Functions that are being centralized include data entry, coding, document numbering, establishing vendors in the State's accounting system (SAMII), responding to vendor inquiries, and requesting encumbrances. Reorganization efforts were completed late FY14. DFAS anticipates efficiencies to include increase payment timeliness and decreased error rates.

**Program Name: Revenue Maximization**

**Program is found in the following core budget(s): Revenue Maximization**

### **1. What does this program do?**

The Department of Social Services works with contracted entities that specialize in maximizing federal program dollars and identifying other non-GR sources. This program also provides a mechanism to make contingency contract payments on outstanding revenue maximization projects.

#### **Revenue Maximization**

##### **Long-Term Care Modernization**

Contractor: Sellers Dorsey

Project Description: The first phase of the project is intended to help establish a nursing facility public-private partnership to free up public funds to help fund the non-federal share of Medicaid supplemental payments. This partnership generates funds for the State to invest in long-term care options and other budget priorities. Participants in the public-private partnership also benefit financially. The second phase of the project is to assist the State and stakeholders in reviewing long-term care delivery systems and payment methodologies to "right-size" long-term care delivery options (nursing home bed capacity and Home and Community Based Services options). This project is contingent on identifying resources under other projects such as the Upper Payment Limit.

##### **Social Supplemental Income Eligibility Determinations**

Contractor: Public Consulting Group (PCG)

Project Description: This contract is to assist with Social Supplemental Income (SSI) applications for children in the custody of the Department and individuals who are currently receiving Medicaid or TANF benefits and who should be receiving Social Security Disability benefits. Through a process conducted by the contractor, only individuals who are likely to be eligible to Social Security Disability benefits and are currently receiving benefits are identified and contacted to participate in this project.

##### **Food Stamp Accuracy**

Contractor: Public Consulting Group (PCG)

Project Description: The purpose of this contract is to improve payment accuracy within the Food Stamp Program, while also reducing error rates that in turn reduce the potential of federal sanctions, while improving the possibility of to receive federal performance benefits through the program.

##### **Cost Report and Time Studies**

Contractor: Public Consulting Group (PCG)

Description: This project includes cost report review and validation for contracted foster care case management providers. This will provide child welfare professionals with timely information on provider outcomes and costs to assist in them in making evidence-based and data-driven decisions about where best to place children in the most cost-effective placement.

### Title IV-E Foster Care Retroactive Claiming

Contractor: Public Consulting Group (PCG)

Description: This project identifies unclaimed Title IV-E for children case managed by private contractors who may have been eligible to receive benefits prior to the Department's eligibility review. The identification of these claims by the Division of Social Services Children's Division (DSS/CD) can enhance federal revenue by retroactively claiming Title IV-E maintenance for Title IV-E eligible children in receipt of Foster Care Case Management (FCCM) services.

DSS/CD has the potential to claim Title IV-E for children who have received services prior to DSS/CD conducting a Title IV-E eligibility review. The applicable time frame generally starts when the child is removed from the home and when a final Title IV-E determination is submitted.

### Temporary Assistance for Needy Families (TANF) Revenue Maximization

Description: This is an ongoing project with two main goals. The first goal identifies additional TANF Maintenance of Effort (MOE) funds. The second goal was to review the Department's current federal TANF claiming procedures and to develop a desk manual to ensure that the Department has the proper procedures in place for the claiming of TANF funds and TANF MOE. The additional TANF MOE allowed DSS to receive TANF Contingency Funds used to support child care, Boys and Girls Clubs, Food Banks and any potential state scholarship programs to qualified individuals. The additional TANF MOE also increases the Department's ability to meet the TANF work requirements and to avoid penalties.

#### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: RSMo. 660.010

#### 3. Are there federal matching requirements? If yes, please explain.

No. Generally, contractors are paid from new federal funds resulting from successful revenue maximization projects. There may be a state match required to receive the additional funds.

#### 4. Is this a federally mandated program? If yes, please explain.

No.

#### 5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Planned FY 2015 expenditures are net of reserves.

Reserves: \$5,150,000 (Federal)

**6. What are the sources of the "Other " funds?**

\*DSS has awarded a long-term care modernization project (Fall 2011). This is a substantial multi-year project and it is too early to estimate new Medicaid Revenues for FY 2015 and FY 2016

\*\*Additional TANF Revenues are dependent on the availability of TANF contingency fund.

## PROGRAM DESCRIPTION

**Department: Social Services**

**Program Name: Receipt and Disbursement--Refunds**

**Program is found in the following core budget(s): Receipt and Disbursement--Refunds**

### 1. What does this program do?

These appropriations allows the Department to make timely deposits of all receipts and then to make refunds or corrections when necessary. Pursuing this method creates additional interest earnings for the state treasury. Delaying the deposit of funds increases the chance that funds will be misused. The State Auditor, who routinely reviews the cash receipt function of the department for accuracy and timeliness, endorses prompt deposit of all funds received. The appropriations also affords the division the authority to make correcting payments in the event funds were originally deposited to an inappropriate fund or when refunds to the payer are required due to an original overpayment.

The Department of Social Services receives hundreds of checks daily. Fiscal integrity and internal controls over cash receipts call for prompt deposit of all funds until a determination can be made as to proper deposit or distribution of the funds. A typical transaction would be when insurance companies and/or other parties liable for medical bills of clients reimburse Medicaid for the entire cost of the care rather than only the portion paid by Medicaid. Later, when the proper amount is determined, a refund is issued from this account for the difference. Another frequent use of this appropriation is to refund a portion of the premium paid by a family when they leave the program.

### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

State Statute: 660.010, RSMo.

### 3. Are there federal matching requirements? If yes, please explain.

**Program Name: Neglected and Delinquent Children**

**Program is found in the following core budget(s): Neglected and Delinquent Children**

### 1. What does this program do?

Provides payments to county youth detention programs for juveniles detained in the juvenile justice system. Payments are made in accordance with Section 211.156 RSMo. at a daily rate between \$14 and \$37 established by appropriation. The General Assembly appropriated funds for FY15 to provide a daily reimbursement rate of \$14 as authorized by law.

County detention facilities administered locally by the counties and circuit courts are part of the continuum of services designed to protect Missourians from youth that have entered the juvenile justice system. Counties submit reimbursement requests to the Division of Finance and Administrative Services (DFAS) monthly. The DFAS requires the counties to certify in writing that the child for whom reimbursement is requested has been detained in accordance with state statute.

## PROGRAM DESCRIPTION

**Department: Social Services**

**Program Name: Division of Legal Services**

**Program is found in the following core budget(s): Division of Legal Services**

### 1. What does this program do?

The Division of Legal Services (DLS) provides comprehensive legal support to all program and support divisions in the Department of Social Services (DSS) to assist these agencies in accomplishing the Department's goals and objectives.

DLS is functionally organized into four major sections:

#### Litigation

The Litigation Section provides legal counsel and representation to the Department of Social Services and its separate divisions. The Chief Counsel for Litigation administers the section and assists the General Counsel in providing legal assistance and advice to the DSS Director to ensure that the programs and policies of the Department are implemented in the manner provided by law. Litigation attorneys are based in offices in Jefferson City, St. Louis, Independence and Springfield.

The primary focus of the litigation attorneys is to provide legal representation to the Children's Division (CD) in Juvenile Court to support the children in achieving safe, stable, permanent homes; to ensure integrity and accountability in the administration of income maintenance programs and to combat waste, fraud and abuse in DSS' programs. DLS attorneys have also represented DSS in administrative hearings in TANF (Temporary Assistance for Needy Families) drug testing cases in SFY 2014. Additional duties include:

- providing legal advice and representation to the child abuse and neglect hotline system, and defending the decisions made by the Department in Circuit Court;
- providing competent and zealous litigation support to CD in child abuse and neglect investigations, enhancing the effectiveness of that program by ensuring that perpetrators of abuse and neglect are properly identified in the Central Registry;
- providing legal advice, training and courtroom representation for CD in the Juvenile and Circuit Courts of the State;
- providing legal advice and representation to CD on matters relating to licensure of foster homes, including actions pertaining to sanctioning of these entities;
- providing legal research to the Department's General Counsel and the program divisions;
- reviewing proposed legislation and preparing fiscal notes;
- reviewing and drafting of contracts between divisions and nongovernment service providers;
- reviewing and drafting memorandums of understanding between the department/divisions and other governmental entities;
- providing legal advice and courtroom representation to the Division of Youth Services to assure that its mission of addressing the needs of delinquent youth is attained;
- providing legal advice and counsel to the MO HealthNet Division in administering the MO HealthNet program;
- providing legal advice, representation and counsel to the Family Support Division in administering the income maintenance and child support programs;
- serving as a liaison between the Department and its divisions, and the Missouri Attorney General's Office on cases involving litigation involving the Department; and
- providing legal advice and counsel to the other support divisions within the Department.

## Administrative Hearings

The Administrative Hearings Section is comprised of hearing officers based in Jefferson City, St. Louis and Independence who conduct hearings related to child support enforcement and public benefits. The licensed attorneys who conduct child support hearings are qualified and trained to provide full and fair hearings in all facets of the child support process, including establishment, enforcement, and modification of administrative child support orders.

Hearing officers within the Administrative Hearings Section also provide full and fair administrative hearings for public benefit and service recipients who are challenging a decision of the Family Support Division or the MO HealthNet Division. These due process hearings provide a forum for determining whether the denial or termination of public benefits or services was justified. These hearing officers are able to provide due process to all participants expeditiously and promote the integrity of state programs, including food stamps, cash assistance, and medical assistance programs.

Hearing officers also hear provider appeals of Children's Divisions' decisions to deny or revoke the registration of child care providers from the state's childcare subsidy program and conduct hearings on adoption and foster home licensure.

## Investigations

The Investigation Section is divided into three units: Welfare Investigations, Claims and Restitution, and Special Assignment Unit.

The Welfare Investigation Unit (WIU) is divided into five regions: Independence, St. Louis, Jefferson City, Springfield, and Sikeston. The WIU primarily investigates allegations of recipient fraud and abuse involving the various public assistance programs administered by DSS including but not limited to: Food Stamps, TANF, Blind Pension, Child Care (recipient and provider), MO HealthNet (MHD), Energy Assistance, and complaints of EBT trafficking. WIU also investigates employee threat referrals from all divisions of DSS.

The Claims and Restitution (C&R) unit operates and manages the Claims Accounting Restitution System (CARS). The CARS system tracks the establishment and collection efforts of all claims in the public assistance programs administered by DSS. The C&R unit also administers the Treasury Offset Program (TOP) and initiates collection actions, locates persons owing monies to the Department of Social Services, monitors payments and takes appropriate action on delinquent accounts. The TOP provides for the interception of individuals' federal income tax refunds to satisfy outstanding food stamp overpayments.

The Special Assignment Unit (SAU) is responsible for conducting criminal, personnel, and internal investigations to strengthen departmental integrity and for furnishing technical support and investigative assistance to the various DSS divisions in their administration and control of departmental programs. The SAU also assists in locating persons, identifying resources, conducting background investigations and associated research in support of DSS investigations, and conducting background checks on prospective DSS employees.

## State Technical Assistance Team

The State Technical Assistance Team (STAT) assists in the investigation of child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality cases, as described in Sections 660.520 to 660.527, RSMo, upon the request of local, state or federal law enforcement, prosecuting officials, Department of Social Services staff, representatives of the family courts, medical examiner, coroner or juvenile officer. As licensed peace officers by the Director of the Department of Public Safety pursuant to Chapter 590, RSMo, STAT investigators are deemed peace officers and have powers of arrest, limited to offenses involving child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality. STAT assists county multidisciplinary teams in the development and implementation of protocols for the investigation and prosecution of child abuse, child neglect, child sexual abuse, child exploitation/pornography or child fatality.

STAT also manages Missouri's Child Fatality Review Program (RSMo 210.192, et. al.) with multidisciplinary panels in 114 counties and the City of St. Louis. Based on information received, risks to children are identified and prevention strategies are developed.

DLS also coordinates the department's compliance with the federal Health Insurance Portability and Accountability Act (HIPPA). HIPPA requires that the Department have a privacy officer to oversee the Department's implementation of HIPPA standards within the Department and training of Department employees on HIPPA standards and the continuous compliance with the rules.

### **3. Are there federal matching requirements? If yes, please explain.**

Federal matching requirements depend on the program DLS is supporting. For example, expenditures related to seeking permanency for children in the care and custody of the Children's Division could be eligible for the IV-E administrative match of 50% federal/50% state. Other expenditures are pooled with other administrative expenditures to earn a federal indirect rate.

### **4. Is this a federally mandated program? If yes, please explain.**

Yes, in some areas. The Division of Legal Services (DLS) performs administrative hearings for the following federally mandated programs: MO HealthNet, TANF, Food Stamps and Child Support. DLS provides investigation services for food stamp fraud, claims and restitution and MO HealthNet fraud. The litigation section manages cases related to MO HealthNet utilization, child protection and permanency planning in the areas of foster care, adoption and reunification.

A complete list of federal mandates can be found with each program description in the Divisions that administer the above listed programs.

\*DLS/Litigation - This decline is within expected limits and is not deemed significant. DLS attorneys have also closed an additional 5,594 matters, (ex. Subpoena cases, TA Drug Testing cases, etc) that are not reflected in the Permanency Planning case closure statistics.

\*\*STAT experienced a decrease in concluded cases due to investigative staff turnover. Additionally, due to the complexity of cases where field investigations involved high technology examinations of computer and mobile devices, separate case numbers were not assigned for the examinations, making it simpler to maintain reports and evidence all under one case number.
